CACI's Recognition and Incentive Awards Program

CACI sustains a vigorous Recognition and Incentive Awards Program. Award winners receive company-wide recognition and top rewards, and are treated to sumptuous dinners and lively entertainment at distinctive locations throughout our nation's capital. We have two overall award categories:

- The Circle of Excellence celebration honors top performers in our Proposal and Sales categories. This includes Victory, Ace, Top Gun, and Wing award winners; and Pinnacle, Marathon, and Quantum award recipients, respectively.
- The Celebration of Distinction recognizes employees who receive honors for Technical Excellence, Quality Project Delivery, and Recruitment. This includes Star Distinction and Staff, Technical, and Team Eagle recipients; Master's Division, Team CACI, and Project Plus awardees; and Careers Club and Employee Referral Program Enhancement winners, respectively.

Our Recognition and Incentive Awards Program puts into action the belief that CACI people are the best, and that they deserve outstanding recognition for their superior contributions.

Careers Club Winner...

Michael Kichman

I was both surprised and thrilled to have won. I recruited old friends and comrades from my days in Special Operations as the requirement in the Coast Guard grew. This gave me a great opportunity to help create a cohesive team that both trusted one another and enjoyed working together.

Employee Referral Program Enhancement Winners...

Steven Johnston

I am very happy to receive this award. I hadn't even realized I was in the running. My goal in recruiting is to surround yourself with good people. They make you look good, they make your job easier, and it keeps your customer happy.

Michael Kichman

It is a great pleasure to be part of the growing CACI Coast Guard team, and even better to be able to help comrades from my days in Special Operations join our team. We are doing great work for the nation and helping the Coast Guard truly secure our maritime borders.

Always try to hire exceptional people, and **always**
hire above your immediate requirement!

Top Nominating Managers...

Ravi Dankanikote

I am happy to be Top Nominating Manager for the 2005 Distinction Celebration. Our team works hard to ensure complete client satisfaction, and it feels good when our clients recognize this in the Project Excellence^{Plus} surveys. While three of our fine managers have received the Project Plus awards, this is a reflection on the entire team for all their dedication and team work to keep quality delivery at its highest.

Lorena Orndoff

I was very surprised to receive this honor. This recognition is truly the result of the dedication and hard work of the managers and staff of the DOJ Winstar project. Thanks to Monica Davis, Rob Russell, and Sean McHugh for going the extra mile to achieve our clients' goals!

Ten Commandments of Client Consulting

- 1** Do not anger or insult your client, else your contract will not be renewed.
- 2** Deliver to your client the quality services and products that you have promised, else your contract will not be renewed.
- 3** Be responsive and attentive to your clients, both old and new, lest they wonder what you are doing with their money, and your contracts will not be renewed.
- 4** Do not discuss your client's problems outside your company, for your client will learn of your indiscretion and become angry, and your contract will not be renewed.
- 5** Be pleasant, cheerful, and easy to do business with, else your client will seek those who are (and your contract will not be renewed).
- 6** Give your client early results and satisfactions with your work, for clients, too, need to be proud of your work in front of their boss.
- 7** Present your quality products and services to your client in person. Do not make light of your efforts on your client's behalf, else it will be thought you have little interest in your client or in your client's project.
- 8** Praise your company and your associates when in the presence of your client, else your client will not believe you have pride in your affiliation.
- 9** Never discuss with your client the shortcomings of your client's staff, else it will be suspected that you discuss client shortcomings with others, too.
- 10** And this is the greatest commandment of all — remember the golden rule: "Whosoever has the gold (the client) makes the rules."

Quality Project Delivery

At CACI, our motto is “Quality Client Service and Best Value.” Our CACI culture values teamwork, and CACI people have a commitment to their work and a clear sense of purpose. They know our day-to-day efforts are significant to the larger mission.

Our people are team players. They know how to work together — delivering precisely what the client wants, engaging the entire group, and maximizing all of their diverse skills.

Our projects are rigorously assessed by independent evaluators to verify their quality. Our Project Excellence^{Plus} performance ratings confirm what we already know — that CACI project teams deliver quality work to our valued clients. We recognize these teams and their leaders for their outstanding achievements.
